

Report of Conrad Homicide

Idaho State Journal, Sunday March 22, 1953 (Front page)

Lou Conrad, 61, was shot and killed at his service station three miles from here by bandits who escaped with about \$200, Nez Perce county Sheriff W. W. Hays reported yesterday.

An all-points bulletin was issued to be on the lookout for any suspicious character, but Hays admitted "we don't have a thing to work on. There are no clues."

Conrad was shot when he apparently resisted the holdup attempt, Hays said. His body, bearing two bullet wounds, was found by his wife when she brought his lunch to him.
